BDBF announces promotion of Samantha Prosser to Managing Associate

Congratulations! BDBF is pleased to announce the promotion of Samantha Prosser to Managing Associate, effective 1 June, 2023. Her promotion supports the continued growth of BDBF as a top-ranked employment firm. Since joining the firm seven years ago, Samantha has built her practice focusing on advising private and NHS consultants from leading hospitals on whistleblowing and discrimination claims, raising grievances, bullying, harassment and contractual claims. Samantha also acts for clients in other sectors, particularly in relation to sex and disability discrimination and whistleblowing claims, and is an experienced employment law litigator.

Gareth Brahams, Managing Partner said, *"Samantha is a compassionate and capable lawyer with real inner steel. We are delighted to announce her promotion which is so well deserved."*
